Re: Public Records Request

Dear Sir or Madam:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, this letter serves as a request for documents relating to the Center for Disease Control and response to emissions of arsenic, cadmium, chromium, lead, nickel, manganese, polychlorinated biphenyl (PCB), and other hazardous contaminants from the Precision Castparts Corp., including PCC Structural, facilities in Multnomah and Clackamas Counties, Oregon.

Specifically, we seek documents—including but not limited to reports, correspondence, and data—related to your work with the Oregon Health Authority (“OHA”) and other state and local agencies to determine the extent of exposures to those contaminants; the work of any toxicologists assigned by you to the OHA; and the work of the CDC Epidemic Intelligence Service officer who is managing the follow-up of urine cadmium laboratory results that are above the limit of detection.

Please send all documents responsive to this request to the following address:

Keller Rohrbach L.L.P.
 Attn: Dan Mensher
 1201 3rd Avenue
 Suite 3200
 Seattle, WA 98101

April 26, 2016
Page 2

Keller Rohrbach L.L.P. requests these documents in support of potential litigation against Precision Castparts Corp. and related entities on behalf of residents, businesses, and others affected by the emissions from its facilities.

Keller Rohrbach L.L.P. is willing to pay fees for this request up to a maximum of \$500. If you estimate that the fees will exceed this limit, please contact me or my assistant, Sara Stevens, at (206) 623-1900. We would be happy to discuss the details of our request and ways to facilitate your production of public records in response to it.

Sincerely,

A handwritten signature in black ink, appearing to be 'Daniel P. Mensher', with a long horizontal flourish extending to the right.
